

# LOOP SQUARE

The BACHMANN cable glands now makes it even easier to access sockets etc. under the tabletop: the product, available in an elegant, silver-anodised design, can be quickly and easily inserted into your table cut-out in the mounting frame and provides access to the standard cable trays already fitted under the desktop. Cables can be very easily routed through the opening: this is also possible when it is closed due to the black brush insert. When the flap is shut, the soft-close function means that annoying noise is greatly reduced, making this cable gland especially well suited to desks in offices and conference rooms. The rectangular cable gland can be combined with BACHMANN STEP and UNIVERSAL power strips.

## BENEFITS

- **Simple, elegant flap solution**
- **Integrated soft-close function with quiet closing makes for inconspicuous handling**
- **Can be used in any office environment due to plain, modern design**
- **Rounded edges permit CNC machining of the tabletop**

**Dimensions (W x H):** see table x 120 mm  
**Mounting depth:** 25 mm  
**Material:** aluminium

**Table cut-out dimensions:** 113/233/353 x 113 mm
